The crib is still in good shape only one wheel of the feet is a little flattened. The mattress is NOT included. It is about 28" (width) by 4'6"(length). The standard size baby mattress will fit. The height of the mattress can be adjusted. I will sell the rail guard as shown in the picture with the crib. There is another piece I didn't attach to the crib. It will cover the entire rail of the crib so the baby's limbs won't get stuck between the bars.
